

Dear Friend,

As you know, we make helping people in need a big part of our everyday lives here at St. Elisabeth Convent. We are inspired by the ministries of our heavenly intercessor Saint Elisabeth and our Saviour Jesus Christ.

**Helping sick people is one of the many vectors of our Convent's ministries.** Apart from our Visiting Nurse Service, which focuses on helping bedridden patients at home, the lay sisters, including me, we also visit the patients of the Minsk City Clinical Hospital No.2.

While the doctors heal the patients' bodies, we are there to bring the ultimate healer of souls - our Saviour Jesus Christ, *"who forgives all your iniquity, who heals all your diseases, who redeems your life from the pit, who crowns you with steadfast love and mercy."* (**Psalm 103:3-4**)

Our goal has always been to comfort the sick, to bring them warmth and love when they need it the most, to just being near, ready to help in any way we can.

To read more about my personal experience visiting the hospital every week, please click on this link.

**[Bringing the Gospel to hospital patients](#)**

The Gospel is the Good News about God sending His beloved Son Lord Jesus Christ to save the world. And if this news brings even a little bit of comfort to the sick people in the hospital - then our main mission is complete!

With love and prayers,

Sr Anastasia and the Sisters of Saint Elisabeth Convent.

[PS - Don't forget that you can always send us your prayer requests by following this link.](#)
